Leading and
Learning in WASH

About the course

The WASH in Schools (WinS) Distance-Learning Course is designed by the [Center for Global Safe WASH at Emory University](#) in collaboration with [UNICEF](#) to assist program managers, implementers, and policymakers in executing and sustaining WinS programs in partnership with local, sub-national, and national stakeholders. The course is taught and led by [Dr. Matthew Freeman](#), with a team of experienced facilitators from the WASH sector. The course addresses core areas of WinS programming within 9 modules that will help participants identify areas of intervention, articulate what the program will do to bring about change, and how program success can be measured. Considering the vast experience and diverse backgrounds of participants, the course also provides a platform for cross-sectoral learning and experiences sharing with WinS programs.

Course modules

- Introduction to WASH in Schools
- Global Monitoring and the SDGs
- Planning, Advocacy, and Stakeholder Engagement
- Technologies and Hardware
- Behavior Change Approaches
- Considering Gender
- Operation, Maintenance, and Sustainability
- Monitoring and Evaluation
- Emerging Issues and Emergencies (COVID-19)

Course activities

Read module summaries and assigned key readings prior to watching recorded lecture videos

Watch recorded lectures for each module (1 hour) and answer knowledge checks anytime during the week

Attend weekly discussion sessions (Zoom) and complete brief in-class activities and assignments

Engage and contribute to discussion

Course enrollment

\$600 USD per participant

Enrolled participants will receive a login to access course content on Canvas and a **certificate at the end of the course**

Enrollment is limited!

To ensure the quickest processing of payment, we highly recommend that you pay with credit card with [Eventbrite](#)
