WASH in Schools supporting safe school re-opening

➤ Wednesday, 17 November 2021

12:00-13:30 PM (GMT +7)

PLENARY

The state of WASH in Schools and the impact of the COVID-19 pandemic

The main purpose of the WinS ILE 2021 is to share existing good practices, information and materials available to support countries in the improvement of their WASH in Schools conditions with particular focus on the process of re-opening schools under stricter hygiene requirements or alternative modalities for WinS during school closures. Countries will also have the opportunity to exchange their experiences, plans and challenges and learn from each other.

In pursuit of improving WASH conditions in schools the 8th WinS ILE aims to:

- Facilitate learning on WASH in Schools among countries towards reaching SDG 4 and 6
- Generate momentum and political commitments towards accelerating progress on WASH in Schools
- Reinforce linkages between Ministries of Education and strengthen the regional network of WinS practitioners

The technical sessions of the 8th WinS ILE will be open only to country delegates, but we are happy to open the three plenary sessions to observers from anywhere in the world.
