### ABOUT THE WinS NETWORK WEBINARS

As a global inter-agency network aiming to harmonize efforts and promote alignment among MoE and partners, the WinS (WASH in Schools) Network is hosting a monthly webinar series. Each month, a designated topic will be presented and discussed among sector experts, stakeholders, project implementers and representatives from the ministries of Education. These webinars are designed to be informative and interactive, as they form a core part of the network's mission to 'foster a global community of practice on WinS to harmonise strategies for supporting governments around the world to plan, finance, implement and monitor integrated, inclusive, and sustainable WinS programmes'.
